Note: All the information provided here is being provided free and without warranty of any sort. This information was compiled in January of 2007. At the time of compilation – all the referenced digital books, software and audio files were being offered for free. The referenced websites, digital books, software and audio files may change at any time without notice. The web addresses of the referenced websites may change; the ownership of websites may change or the websites may cease to exist. Free offers may change or certain materials or software may at some point no longer be offered. All these possibilities are beyond the control of the author of this free directory.

Most of the referenced digital books can be downloaded but some are available for online reading only. Some websites may require you to make a free registration before you can download. I have read between 60 and 80 percent of the referenced books. I do not endorse the content of all the books. Much of the prophecy identifies Babylon improperly. For those who have read *The Soon Coming Judgment of God Upon America And How To Escape It*, **I recommend that you focus on reading the Holy Scriptures and books which aid in the spiritual growth of a Christian.** I most highly recommend *Sovereign God* and *Hidden Manna For The End Times* by David Eells.

If you really want to know what you should read, put it before the Lord God in prayer. He will lead you through His Holy Spirit and He will guide you into all truth!

I have put stars beside those books which I recommend for spiritual growth. I also think that Bible software is an invaluable aide in Bible study. There are several free Bible software packages listed below. I purchased a Bible software package before beginning the writing of my book and I used it almost daily.

There are also several sources of downloadable audio Bibles listed below. Some of the software packages include an audio option. Many other sources of free audio Bibles are available if you take the time to search the Internet. These are an invaluable aid which can be used to put the word of God into your mind daily. I am planning on getting an MP3 player for the sole purpose of taking the Bible and good worship music with me wherever I go.

Jesus used the word of God to defeat Satan when Satan tempted Him in the desert. The Apostle Paul says that the word of God builds our faith (Rom 10:17). He further stated that without faith it is impossible to please God (Heb 11:6). We need to fill our minds with the word of God on a daily basis!

Ratings

The ratings in some cases represent my evaluation of the book or product. In other cases, the ratings represent my opinion of the value of that particular type of material and not the actual product. For the most part, only those products or books which I highly recommend are rated. If I do not highly recommend a book, it is not necessarily an indication of a lack of quality. More likely, it is because I believe I have sufficiently covered the topic in my own book. Additionally, in some instances a book may not be rated because I have not read it and don't know the author.

If you haven't gotten and read – *The Soon Coming Judgment of God Upon America and How To Escape It* – **You need to Get It and Read It before it's too Late!** <http://www.americascomingjudgment.com>

The Soon Coming Judgment of God Upon America And How To Escape It!

**The United State's Future Revealed
In Bible Prophecy!**

A Revelation Warning Concerning the United States from Gods Word. You'll be amazed at what God has to say about the United States and how accurately He describes her in Bible prophecy. For the first time, America's little known history is used to prove that America is the Babylon of Revelation 17 and 18 which God will destroy! This may be the most important book you'll ever read!

**Look what One Reader
said after reading this
book!**

God Bless You Mr. Durr and thank you for providing this most valuable information in one resource. There [is] just so much information out there, that one must endlessly do research and piece together the puzzle to even be aware of it and make any sense of our lost condition from a truly Christian point of view. Your book makes that task far more efficient....

If you had put this in "Published Book" and stopped there, even with references it still would not have the power and impact to educate as it provides in PDF form with those same link's.

I applaud your efforts in making this information available and sincerely pray that the Lord allows a publishing very soon.... A book of this nature truly needs to be read or HEARD over and over along with the KJV Bible as it contains a wealth of historically relevant facts essential for understanding why we are so lost, why that matters, and how to correct our personal course with the Lord.

God has truly inspired you Mr. Durr... Thank you so very much for listening to the Lord and making this most valuable reference available. It helps make clear in one easy to understand reference source, so many of the unchristian things that we knew made no sense over the years of our policy makers, and why a so called Christian Nation as become Pagan because we have ignored God's Laws.

Free Software

★★★★★ **Free Office Suite** – How would you like to have a free copy of Microsoft Office and save \$250. There is a free alternative called Open Office that I feel rivals Microsoft's office suite. I used Open Office to write my book and create my PDF file. Open Office is a multiplatform and multilingual office suite. It is compatible with all other major office suites and it is free to download, use and redistribute. <http://www.openoffice.org/>

★★★★★ **Free Photo Shop** – Do you have an interest in photo editing and manipulation software but find the better brands beyond your budget. Now there is a great free alternative that rivals some of the best called Paint.NET. I used Paint.NET to create the logo on my web page and my banner ads I use to advertise my website. <http://www.getpaint.net/index2.html>

★★★★★ **Free Download Manager** – This is an essential tool for those with a dial up connection. You can download an audio Bible over several different session over several different days with one click. “Free Download Manager (FDM) is a full-featured download accelerator and manager. It is absolutely free!... With FDM the downloading process will be as easy as never before! FDM is a light-weight, powerful and easy-to-use application. Also this software product is well-known for its intuitive and user-friendly interface. FDM can function as a site manager, accelerator, site explorer and scheduler.

FDM can resume broken downloads. So you needn't start the downloading process from the very beginning after casual interruption. You can resume unfinished download from the moment when it was interrupted. Also this program warns you if resuming isn't supported by the servers. It allows you to make a decision about the downloading. So with FDM you save your time and money. FDM is an indispensable tool for download acceleration. It splits files into several sections and then downloads them simultaneously allowing you to increase your download speed up to 600%.” <http://freedownloadmanager.org/>
